COMMENDED TO THE CHURCHES.

The exact text of resolutions passed by the General Association of Massachusetts at its Fall River meeting is as follows:

Whereas, The Board of Pastoral Supply, established by this association, has, after two years of service, abundantly proved its value to the churches of the State by bringing pastorless churches and churchless pastors into correspondence with most satisfactory results, and whereas, many of the churches have failed to contribute the small sum—the equivalent of one-third of one per cent. of the usual salary paid to the pastor—for the support of the same; therefore,

Resolved, That the association earnestly request the churches which have not responded to this call to send, forthwith, such contribution to the treasurer, that the considerable amount already due the secretary, and for which no other provision is made, may be paid.

FEED

The nerves upon pure, rich blood and you need not fear the horrors of nervous prostration. Nerves are weak when they are improperly and insufficiently nourished. Pure blood is their proper food, and pure blood comes by taking Hood's Sarsaparilla, which is thus the greatest and best nerve tonic. Opiates, coca and sedative compounds deaden and stifle, but Hood's Sarsaparilla nourishes and builds up.

HOOD'S
Sarsaparilla

Is the best—in fact the One True Blood Purifier.

Hood's Pills easy to buy, easy to take, easy to operate. 25 cents.

RIGHT BEFORE YOUR EYES.

The great Exhibition of Willow Art-Stained Furniture now in our warerooms is the best drawing card that we have had for a long time.

Bear in mind that the pieces themselves are all here on our floor. You are not asked to select from photographs. The furniture itself is here. You can try each piece. You can test the degree of comfort and buy exactly what you need.

They interpret all the various laws of easy sitting. Some pieces are for the lawn, some for the piazza, others for the hall, the dining room, living room, parlor, bedroom, etc.

We show some of the most exquisite art stains on these new willow goods. Especially famous is the new color—grass green. The cushions and pillows are covered to correspond.

CHRISTIAN ENDEAVOR NOTES.

The Indiana convention was remarkable for the attention given to Junior work.

A strong society has been organized among the large force of colored soldiers at Fort Douglas, Salt Lake City.

Study of the Bible with special reference to personal work is now a regular department of State work in Illinois.

The attendance on the meetings of the society in the Central Church, Topeka, Kan., now necessitates the use of the main auditorium.

A reception for the aged members of the church, with refreshments and music, has brought much pleasure to societies that have tried it.

The use of all the car-sheds of the Union Traction Company, Philadelphia, has been given the evangelistic committee of the city union for meetings.

The first known Japanese society in the United States was organized at Santa Cruz, Cal., Nov. 20, by the same woman that formed our first Chinese society.

In the Cape Colony Union, of which Rev. Andrew Murray, D. D., the author of devotional books, is president, there are now 22 societies, and at least 10 others in the neighborhood.

From a Chinese society in Chicago, having a regular attendance of 30, within four years 16 members have united with the church, and each year three Endeavorers, on an average, return to China.

The first flag for the Morning Star was furnished by the Juniors of the church at Newton Center, Mass., the home of the captain's wife. A new flag being needed, this society has just supplied it.

The Boston societies have followed those of Chicago, New York and Philadelphia by arranging closer co-operation between Endeavorers and Student Volunteers. The Boston Volunteer League has 80 members, some of whom may be engaged to give missionary addresses or help in classes for mission study. The headquarters is at the Y. M. C. A.

In the celebration of Tennessee's centennial, which is to continue for six months, beginning in May, the Christian Endeavorers plan to have a part. A building will be erected for their headquarters, and meetings will be held there daily. The larger exhibition buildings of the centennial, standing in a park about two miles from the city hall, will be used by the C. E. convention of '98 at Nashville.

LAKE SHORE CALENDAR FOR 1897.—The 1897 calendar of the Lake Shore & Michigan Southern Railway is one of the most pleasing and unique calendars ever issued. The design is a government mail pouch (the Lake Shore's trade-mark) richly printed in brown and gold on heavy enameled cardboard, size 8 x 15 inches. It will be sent free anywhere on receipt of six cents in postage to cover mailing by applying to A. J. Smith, Gen. Pass. & Tkt. Agent, Cleveland, O.

FRENCH CABINET.

Before we entered the field and undertook to supply French Curio Cabinets and Treasure Cases they were very expensive. We have brought them down nearly fifty per cent. in price, and there are twenty purchased now where formerly there was one.

It is quite the most decorative piece of furniture that you can find for the drawing room. They light up the whole apartment with their glow of color, and give a distinguished appearance to the most ordinary surroundings.

The cabinet here shown is our latest new model for 1897. It stands six feet in height and is finished in a fire-bronze lacquer that is a marvel of color. The panels are hand-painted by leading artists, and each is framed in a galvano-plastic carved molding.

The glass in the sides is serpentine, being both concaved and convexed in a single pane. The back is heavy French plate; the shelves are nearly half an inch in thickness. The floor is richly carpeted with royal plush. Every detail is complete. It is a superb cabinet.

General Catalogue for 1897. Square octavo, 256 pp., 300 illustrations. Sent to any address on receipt of five 2-cent stamps for postage.
